

PALLET CRANE FORK APCF

Aardwolf Pallet Crane Fork offers a flexible lifting solutions for loading, unloading, handling and transporting heavy materials within production environments. Aardwolf Pallet Crane Fork is a crane attachments engineered to optimize efficiency for overhead lifting for material handling systems. The Pallet Crane Fork is especially helpful to maximize efficiency in production environments with narrow aisles or for areas which may be inaccessible to forklifts. It becomes a multitasking lifter for the handling of palletized and packaged goods with capacity is up to 2500kg.

Features

- High strength welded steel construction for maximum strength and durability.
- Moves palletized items efficiently and safely into different production environments.
- Can be utilized with a crane to address lifting needs.

Specifications

	Metric (mm-kg)
Working load limit	2500
Net weight	242
Gross weight	258
Packaging dimension	1220x1190x1930
