

## VERSA BLOK CLAMP AVBC - 1100

The Versa Block Clamp is made for lifting and moving concrete blocks, rubber tyres, drums or other materials. The clamp consists of two sliding pads that can be adjusted to the desired widths and they are locked by a locking latch on each side. The Versa Block Clamp is a multipurpose solution when fitted with different jaws to grab the different material types, whether square or curved shapes. These jaws can be easily changed and reversed to allow for picking up of objects from the inside face or inside out.

### Features

- Handles heavy loads with different capacities
- Grips and releases the load automatically
- The jaw width is simple and easy to adjust
- The rubber jaws protect loads from being damaged
- Optional jaws for different material shapes
- Lifting eye allows for easy hook attachment

### Specifications

	Metric (mm-kg)
Grip range	150 - 1100
Working load limit	3000
Net weight	161
Gross weight	175
Packaging dimensions	1500x570x360
