

ROCK LIFTER GRAPPLE ARL-800

The Rock Lifter Grapple is an attachment that makes moving and setting large rocks and boulders a snap. Designed for the landscape contractor, stonemason, or anyone else who works regularly with rocks and boulders. The Rock Lifter Grapple is a efficient solution to work faster, better and with less labor.

Features

- High tensile steel welded construction.
- Simple and reliable operation with minimal maintenance.
- A safer and easy way to move large rocks.
- Suitable for handling boulders and stones of almost all shapes.
- The greater the weight the harder the tongs grip.
- An actuator allows the clamp to grab and release automatically during each cycle.

Specifications

	<u>Metrik (mm-kg)</u>
Working load limit	750
Grip range	350 - 800
Net weight	87
Gross weight	105
Packaging dimension	1230x590x1100
